

# Elevate your payment experience with PAYARC and Dejavo!

## Powerful POS equipment, tailored for your business

### Contactless Payments

Offer quick and convenient payments with a simple tap using contactless cards or devices.

### Chip Cards

Enable secure transactions by allowing customers to use chip cards and enter their PIN on-screen.

### Offline Mode

Continue accepting payments seamlessly even if your internet or power goes down, ensuring uninterrupted operations.

### Always Safe Transactions

Security is our top priority. We adhere to industry requirements to keep your data and your customers' information safe.

With PAYARC's integration with Dejavo, you can drive success with cutting-edge Dejavo equipment. Get in touch now for a flawless payment solution!
