

Introducing PAYARC's Dual Pricing: Eliminate Fees and Maximize Revenue!

Take advantage of an optimized payment processing solution with PAYARC's Dual Pricing Program. Say goodbye to excessive credit card processing costs and hello to increased profitability and customer satisfaction.

Unlock the Power of Dual Pricing

- With PAYARC's innovative Dual Pricing Program, you gain the power to eliminate nearly all monthly credit card processing costs. By allowing you to pass fees to guests paying with cards, Dual Pricing provides your customers with the freedom to choose their preferred payment method, making their experience seamless and transparent.

Take Control of Your Bottom Line

- Don't let processing costs stress you out. Dual Pricing is designed to help you manage costs effectively and increase your profitability. When you partner with PAYARC, you can rest assured that our integrated POS system ensures compliant pricing options, enabling complete peace of mind and financial clarity. Best of all, 100% of processed transactions appear promptly in your bank account, eliminating interchange processing fees.

Empower Guests with Choice

- Keep the value high and costs low, enhancing guest satisfaction and repeat visits. Clearly present the costs associated with each payment method, empowering your guests to make the best decision for each transaction.

Benefits

For agents

- Increased revenue through earning a percentage of the cash discount fee.
- Opportunity to build stronger relationships with merchants by helping them save money on payment processing fees.
- Bonus program allows you to start earning more right away and rewards you monthly on how many placements you get.

For merchants

- Increased revenue by transferring the payment processing fees to the customer.
- Increased revenue by passing on the payment processing fees to the customer.
- Decreased costs leave merchants with more money to invest in their business.

At PAYARC, we understand the importance of compliance with regulations. That's why we offer a Dual Pricing program that helps businesses offer cash discounts in a compliant manner while also ensuring that customers are treated fairly and transparently. Our team of experts can help businesses implement dual pricing and comply with regulations while reaping the benefits of this payment strategy.

We're here to help businesses of all sizes start, manage, and scale their business – we're here to help you succeed.
